MONTANA-DOMO MATCH OFF.

Yorkville Belle Runs Away with the Mermaid Stakes.

SHERFSHEAD BAY RACE TRACE, June 25 .-Nearly 15,000 people visited the Coney Island Jockey Club track to-day to witness the advertised match race between Major Domo and Montana. They were disappointed The conditions of the match were good day and good track, and early this morning it was plain that the track would not be in condition to run the race.

In justice to the public an announcement to this effect should have been sent out this norming. The temptation to secure a big attendance, however, was too great, and the

As the match was declared off there is no probability that the public will see these two cracks outside of races on the regular pro The rest of the card was fair. In some of the

races there were only two entries, while at least three were practical walkovers. Tue track was heavy, but the going was fairly good, as the time for the races will show. The weather was delightfully cool and

The opening event was a dash of seven lurlongs, in which Zorling was the favorite. The talent had a suspicion that Zorling wasn't up to the going and they played Pickplayed by the beach-combers and they got

Hoes won in hollow fashion, while Joe elly and Alcalde, two outsiders, had a fighting tinish for the place. Hiel pocket came like a streak at the finish

I as usual Bergen waited too long. The second race was a picule for Yorkville cile, who won in a walk from Anna B. Brown Beauty was third.

Baceland was a 2 to 5 favorite in the third race, and he won, pulled up, just as every one supposed he would. The fourth race was just as easy a victory

Long-treet, though his owner did not have

Furse \$1,000, for three-year-olds; selling howances; seven furlongs.

Potomac Gives the Talent and His Owner a Shock.

GIDEON AND DALY'S COUP.

Taral and Garrison's Riding-Other Track Talk.

Poverites and outsiders divided the honors in a most uninteresting day's racing at Successional Bay yesterday. Potomac gave the talent a bad shock in the first race. He was favorite at even money, when M. F. Dwyer, his owner, sent \$10,000 into the ring to bet at any price. As soon as this became noised about a wholesale plunge was made on the bay colt. He closed at 1 to 2. He ran a queer race. He was leading at the bend for home, and it looked as though he would win hands down. At the last sixteenth Garrison, who was alongside with Stenenell, thought he was leaten, and he drew his whip. Just then Potomac stopped very suddenly. Whether he stepped into a sticky spot or whether he wanted to quit is a matter of conjecture. At any rate he stopped so short that Garrison laughed, put up his whip and went on with Stoneneil, winning in hand. The latter was at 20 to 1. Orlando Jones went down the has betting #100 bills on Emin Bey 1, 2, 3, forcing the two-year-old's price down from 3 to 1 to even money.

One of the most successful coups of the year went through in the second race. Before noon Gideon & Daty's commissioners had visited every pool-room in the city and placed bets every pool-room in the city and placed bets on St. Michael. In some places they got as high as 6 to 1. In others the mongy was remeed. At the track St. Michael west plonged upon until oldeen and Dary has laid out at least \$19,000. The good filley has laid out at least \$19,000. The good filley went through in easy style. It is estimated that the popular owners of fills highness won at least \$2,0,000. St. Michael was cred by Mr. Withers, and like all graduals self for odding is crazy. He came very near being left at the post in the race yesterday. In looked to be going well, and from had just raised his flag when suddenly St. Michael wheread and faced the other way. First mought sure that he was left, and knowing the amount of money bet on his mount turned pale as a sheet.

Diable was let severely alone yesterday. The report when was orientated concerning his breakdown had its effect, and the public stood above. Diable won after a rel-hot miss with Mars, in which Taral's riding was magnificent. Diable, it is said, were clocarded unitages on his lame regs.

The owners of Don Alonzo have deciced to put up either Tarai or Garrison when the colt starts again. It is the comments on the riding of issae Murrby that has on isaac Murphy that has caused this deter-mination to and out just how good the colt is.

That good two-year-old. Dr. Rice, is said to

Taral and Gardson have got into a very bad habit of crowding other jockeys in a flu-ish. The spirit of rivalry is screng between these two great jockeys but they should not ride foul in order to win races. The Beard of Control on Taursday warned both jockeys against resorting to such practices. This is the second time Taral has been spoken to. He had better be careful for his services are very valuable to the public, who would be sorry to see him set down.

Kings County, late Tammany, ran down the backstretch in the last race yesterday as nough he was able to cut loose at any time and win in a gollop. In the stretch, however,

Sleipner's race yesterday will do him good. When Fitzpairtes has the mount on him then is the time to play him to win.

1

No. 10-Mr. Cleveland contemplates the situation and catches

first steamer to arrive at this cort with a

title nobleman among the ship's company,

ner tourth officer being Prince Pin, of Stam.

ANTI-SNAPPERS ALMOST HOME. GLADSTONE HIT BY A STONE.

Barefoot was winning easily in the stretch yesterday, but Sims orought Fremont up so close that Littleheld at once went to the whip. It looked as though Fremont would win then, but he swerved in the last sixteenth and this chabled Barefoot to go on again and win easily.

Cynosure will soon give the talent a sur-prise. He ran well yesterday.

Acra is a big favorite with Western turi-men for the American Derby.

Gloaming landed a race at last. It was the first time she had a joshey on her who hold her together and she won handily.

G. N. E .- Proctor Knott won the Junior Champion Stakes at Monmouth Park in 1888. Barnes rode him. Salvator, with Hamilton up, was fourth. Longstreet was not a starter.
